“REMINDER NOTICES” & INCORRECT INFORMATION

This afternoon NAED was advised by the vendor who does our bill printing and mailing that “Reminder Notices” it had mailed to our customers earlier this week had incorrect account information.

NAED requests that the customers disregard the “Reminder Notices”. A new “Reminder Notice” will be mailed shortly. While the billing company has accepted full responsibility, NAED immediately notified all of the customers impacted by this mistake via telephone call, email or letter to their address.

Should you have any questions please contact our Customer Service personnel at 508-643-6300.

If a customer has already made a payment based upon the information on the “Reminder Notice”, please contact our office as soon as possible.

Again, please disregard the NAED reminder notice you received this week and contact NAED at 508-643-6300 should you have any questions.

Thank you for your attention to this matter.
