Purchased Cost Adjustment

Effective October 1, 2015

The Department will calculate a charge or credit, the Purchased Cost Adjustment (“PCA”) to be applied to all kilowatt-hours sold under rate schedules subject to this Purchased Power Adjustment.

This charge or credit will adjust the revenues collected under the Energy Charge, Generation Charge and Transmission Charge from all customers to be equal to the expenses charged to Accounts 555, 557 and 565, excluding the cost of power from the New York Power Authority and the kilowatt-hours of such power received.

The over-collection or under-collection of such purchased power and transmission charges will be reviewed periodically and the PCA will be adjusted as necessary.

Terms and Conditions:

- a) The Department’s General Terms and Conditions for Electric Service shall apply, where not expressly modified herein.
- b) Per the Department’s General Terms and Conditions for Electric Service, individual dwelling units in a multiple dwelling will be individually metered. .
- c) Where master meter exists or is otherwise allowed by the Department, bills will be calculated by dividing the total metered usage by the number of dwelling units plus one, computing the cost of the average unit usage and multiplying the result by the number of dwelling units plus one.
